3.0 Statement of Work

- 3.1 **Services to be provided by Contractor:** During the term of this Agreement, the Contractor agrees to provide hazardous materials response system services to Level A releases through the use of designated Type I, Type II, and Type III Hazardous Materials Teams making up four (4) Taskforce areas throughout the State of Wisconsin as described in Exhibit C, attached hereto and incorporated by reference herein. This Agreement does not include response to Type IV incidents which are locally defined and handled by the authority having jurisdiction.

Contractor's response activities under this Agreement shall be limited to emergency operations, reporting and documentation of activities arising from hazardous materials releases/incidents which threaten life, property and/or the environment. Contractor shall not provide under this Agreement any services with respect to the sampling, testing, analysis, treatment, removal, remediation, recovery, packaging, monitoring, transportation, movement of hazardous materials, cleanup, storage and disposal of hazardous materials except as these may be reasonably necessary and incidental to preventing a release or threat of release of a hazardous material or in stabilizing the emergency response incident, as determined by the Contractor.

Contractor shall establish safety perimeters at or near sites and vessels. Contractor shall not be required to locate underground utilities, ensure appropriate traffic control services, conduct hydrological investigations and analysis, or provide testing, removal and disposal of underground storage tanks at or near the emergency response incident to which the Contractor is dispatched.

The Division and Contractor make no representations to third parties with regard to the ultimate outcome of the hazardous materials services to be provided, but Contractor shall respond to the best of its abilities, subject to the terms of this Agreement.

- 3.2 **Performance Conditions:** Contractor acknowledges that prior to undertaking any

emergency response activity under this Agreement, Contractor shall receive written approval from the Division to proceed with response activities. A Contractor that has previously been providing services under a regional hazardous materials response system agreement with the Division is considered to have received written approval to proceed with response activities. Division approval shall be conditioned upon the Contractor demonstrating to the Division that its employees, equipment, and vehicles meet or exceed applicable regulatory requirements.

- 3.3 **Personnel:** Contractor shall provide an adequate number of trained, medically monitored, competent, and supervised personnel as established by the Division and as is reasonably necessary to operate within the safety levels of the Wisconsin Hazardous Materials Response System. Contractor shall meet the standards under 29 CFR 1910.120 and/or 29 CFR 1910.134(f), NFPA 472 and 1582, IS 700, ICS 100, 200, 300 and 400, and Wisconsin Firefighter 1 certification.
- 3.4 **Vehicles and Equipment:** Contractor shall limit its activities to that which can be safely accomplished within the technical limitations of the available vehicles and equipment. Contractor may use equipment and vehicles provided by the Division for Contractor's local use, except as follows. Contractor agrees that in the event of multiple responses, said equipment which is already not committed to a prior response shall be used on a priority basis to respond to a hazardous materials release. Contractor shall provide the Division with a current listing of its equipment assets including the manufacturer, date of purchase, and calibration requirements within 30 days after this Agreement is fully executed and annually thereafter.
- 3.5 **Vehicle and Equipment Use Limitations:** This Agreement in no way limits the Contractor from responding with Division-provided vehicles, equipment, and supplies under local authority, mutual aid agreements, or other contracts under local authority.
- 3.6 **Response Procedures and Limitations:** Contractor recognizes that its obligations under this Agreement are paramount to the State of Wisconsin. Contractor agrees that if local fire response obligations in Contractor's own jurisdiction create limits or unavailable resources, Contractor will seek aid from local jurisdictions to assist in local fire response obligations in Contractor's own jurisdiction.

Contractor's obligation to provide services hereunder shall arise, with respect to specific response actions, upon receipt of an emergency response request pursuant to mutually approved Standard Operating Guidelines provided in Subsection 3.8 herein. These guidelines will be maintained in a mutual aid support system that will be used to assess readiness.

- 3.7 **Right of Refusal:** If, on occasion, a response under this Agreement would temporarily place a verifiable undue burden on the Contractor because Contractor's

resources are otherwise inadequate or unavailable and mutual aid is unavailable for a hazardous materials response within the State, then, if notice has been provided to the Division, the Contractor may decline a request for hazardous material response system services.

- 3.8 **Standard Operating Guidelines:** Contractor and Division agree that hazardous materials response system operations will be conducted in accordance with Wisconsin Hazardous Materials Response System Operations Plan, and "Call Out Procedure" that will be mutually approved by the parties to this Agreement.
- 3.9 **Mutual Aid Box Alarm System (MABAS):** Contractor is highly encouraged to participate in the MABAS-WI program. At a minimum and absent MABAS-WI participation, Contractor will be qualified and credentialed under all NIMS standards for hazardous materials.
- 3.10 **Standardized Equipment Reports:** In order to prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall require standardized equipment purchases and inventory for the Wisconsin Hazardous Materials Response System. Contractor shall update, on an annual basis, the Standardized Equipment that provides a current inventory of all hazardous materials equipment assets including but not limited to the manufacturer, date of purchase, and calibration requirements. The Contractor will input equipment inventory on the Division's secure Wisconsin Fire Bridge (ImageTrend Rescue Bridge) website located at www.wifirebridge.com or equivalent. The annual Equipment Inventory shall be updated after January 1, or when new equipment is added during the calendar year. Failure to submit timely Equipment Inventory may result in the withholding of quarterly Annual Allocation payments provided for under this Agreement.
- 3.11 **Operating Expenditure Reports:** In order to prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall collect standardized operating expenditure information from Contractor including but not limited to wages and stipend costs. Contractor shall provide the Division, on a quarterly basis, with an Operating Expenditure Report that provides a current listing of its hazardous materials team operating expenditures on an electronic spreadsheet developed by the Division. The Division will input Contractor's operating expenditures on the Division's secure WebEOC website located at wi.webeocasp.com, or equivalent. The quarterly Operating Expenditure Reports shall be provided to the Division no later than thirty (30) days after the end of each quarter. Failure to submit timely Operating Expenditure Reports may result in the withholding of quarterly payments under this Agreement until such report is received.

- 3.12 **Hazardous Materials Incident Reporting:** To prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall collect accurate, actual, and standardized hazardous materials assist and response data. Further, Contractor shall report all hazardous materials incidents (local/county or State) in the ImageTrend/WI Fire Bridge website (<http://www.wifirebridge.com>), or equivalent. The Hazardous Materials Incident Report shall be completed and submitted no later than five (5) business days after the end of the incident. Failure to submit timely Hazardous Materials Incident Reports may result in the withholding of quarterly payments under this Agreement until the report is submitted.
- 3.13 **Wisconsin Hazardous Material Response System Member Rosters:** Under Subsection 4.11 herein, members of the Wisconsin Hazardous Materials Response System are considered state employees for Worker's Compensation purposes. It is paramount that the Division has a current listing of all members in order to ensure coverage. Contractor shall provide the Division, on a quarterly basis, with a current listing of its members on an electronic spreadsheet developed by the Division. Failure to submit timely Member Rosters may result in the withholding of quarterly payments under this Agreement.

4.0 Contractor Annual Allocation, Reimbursement, and Grants

There are two types of Contractor funding under this Agreement: (1) Annual Allocation based on the Type I, Type II or Type III Level A release capabilities provided by designated Contractor and (2) Team Response Costs. Each of these is discussed below.

- 4.1 **Annual Allocation and Quarterly Payments:** As provided under §323.70(2) of the Wisconsin Statutes, Contractor will be subsidized annually, commencing 7/1/2021 and for State Fiscal Years 2021/2022 through 2022/2023, under this Agreement for its approved Annual Allocation as described in "Exhibit B", attached hereto and incorporated by reference. The payments shall be made to Contractor on a quarterly basis, with the first payment to be made at the end of the first quarter, if all required quarterly reports have been submitted for the quarter at issue and if the Agreement has not been terminated or cancelled as of the beginning of the quarter at issue, in which case no further payments will be made to Contractor for the Annual Allocation. Funding amounts will be based by Type I, Type II, and Type III Hazardous Materials Team designation. The Annual Allocation is intended to cover direct and indirect costs necessary to ensure the proper number of trained personnel per shift depending on the type of response, a stipend per response system member as well as baseline, maintenance, and exit physicals for each response system member. Quarterly Annual Allocation payments to Contractor shall be made from the appropriation account under §20.465(3)(dd) of the Wisconsin Statutes.

4.2 **Annual Allocation Expenditures:** Funds allocated under Subsection 4.1 of this Agreement shall supplement existing, budgeted monies of the Contractor to provide the services specified herein and may not be used to replace, decrease or release for alternative purposes the existing, budgeted monies of or provided to the Contractor.

Further, funds allocated under Subsection 4.1 of this Agreement shall not be used by the local agency to supplement, offset, replace, decrease or release any budgetary obligations for other municipal departments not directly connected to this Agreement.

4.3 **Team Response Costs and Reimbursement:**

4.3.1 Pursuant to §323.70(3) of the Wisconsin Statutes and as set forth in this Section 4, Contractor shall be reimbursed for reasonable and necessary team response costs and expenses incurred in performing services under this Agreement.

Team response costs may include, but are not limited to:

(1) Reimbursement for use of Vehicle(s) and Apparatus: Contractor shall be reimbursed for the approved use of its vehicles and equipment at FEMA-established rates.

(2) Personnel Expenses: Contractor's team response personnel expenses which are approved and authorized under this Agreement are reimbursable at the rates described as follows:

a) For full-time fire departments, at the actual cost of personnel expenses.

b) For part-time and volunteer fire departments or team personnel, at the average over-time hourly rates for the three geographically nearest full-time fire departments.

Team response personnel expenses shall be billed to the nearest one-fourth (1/4) hour work period. Personnel expenses may reflect replacement personnel costs and indirect charges/costs for wage, fringe, death and duty disability retirement benefits.

(3) Emergency Expenses: Contractor's necessary and reasonable emergency expenses related to services rendered under this Agreement are reimbursable. All such expenses must be based on actual expenditures and fully documented by the Contractor. The Division reserves the right to deny any reimbursement of unjustifiable Contractor expenditures.

- 4.3.2 Reimbursement by the Division of reimbursable response costs shall be limited to amounts collected by the Division from Responsible Parties and an amount appropriated under Wis. Stat. § 20.465(3)(dr). Reimbursement is available under §20.465(3)(dr) only if Contractor has made a good faith effort to identify the Responsible Party and the Responsible Party cannot be identified, or, if identified, Contractor has received reimbursement from the Responsible Party to the extent financially able or has determined that the Responsible Party does not have adequate money or other resources to reimburse the regional emergency response team.
- 4.3.3 If a Contractor does not elect to collect team response costs expenses directly from the Responsible Party(ies) and/or seek reimbursement for local agency response pursuant to §323.71 of the Wisconsin Statutes, the Division shall bill, pursuant to subsection 4.8, Billing System for Division Reimbursement of Team Response Costs, all known Responsible Party(ies).
- 4.3.4 To seek Division reimbursement from the emergency response supplement created under Wis. Stat. §20.465(3)(dr), Contractor must comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s) as well as the billing system requirements provided under Subsection 4.8 herein.
- 4.4 **Training Costs:** In addition to the Annual Allocation, funding may be available to Contractor through the Division's training and equipment grants. Applications shall be made via "E-Grants" and will be available to Contractor based upon established criteria. The Division makes no representations that funding will be available to all parties.
- 4.5 **Standard Equipment Purchases and Cache:** It is the intent of the Division to standardize equipment purchases for the Wisconsin Hazardous Materials Response System. Contractor shall provide the Division with a current listing of its equipment assets including the manufacturer, date of purchase, and calibration requirements. The Division will develop a standardized equipment list including vendor information.

Contractor may make equipment purchase requests to the Division by submitting an "E-Grants" request with supporting documentation. The Division makes no representations that funding will be available to all parties.

It is the intent of the Division to develop and maintain an equipment cache. When developed, Contractor may borrow specific equipment from the equipment cache in the event of an equipment failure requiring repair of Contractor's equipment.

- 4.6 **Minimum Appropriation:** The Division has requested in its State Fiscal Years 2021-2023 budget a sum to cover the Annual Allocation for those fiscal years as described in "Exhibit B" to this Agreement. If at least that amount is appropriated, then that amount shall be the minimum amount payable annually to response teams, with any additional amounts that might be appropriated payable pro rata to the response teams as part of the Annual Allocation. The minimum contract Annual Allocation does not, however, include Contractor's team response costs as specified in Subsection 4.3 of this Agreement.
- 4.7 **Full Payment and Release:** The Division's reimbursement(s) shall be full payment for work performed or services rendered and for all labor, materials, supplies, equipment, and incidentals necessary to complete the work authorized under this Agreement. Acceptance of payment by the Contractor shall operate as a release of the Division of all claims by Contractor for reimbursement of team response costs except where partial payment has been made due to limitations of the Division funds under §323.70(3), the amounts appropriated under §20.465(3)(dr) and subject to further payment as set forth above.
- 4.8 **Billing System for Division Reimbursement of Team Response Costs:** Contractor will provide an estimate of team response costs to the Division within ten (10) working days of last day of the response. If the Contractor seeks Division reimbursement under §323.70(3), or from the emergency response supplement created under Wis. Stat. §20.465(3)(dr), Contractor shall file a Notice of Intent with the Division for response costs within thirty (30) days of the last day of the response. The Division will not bill Responsible Parties or reimburse Contractor from the emergency response supplement created under §20.465(3)(dr), unless it receives an invoice from the Contractor. Contractor's claim for reimbursement shall contain such documentation as is necessary to support the Division's cost-recovery operations and financial audits. The Division agrees to bill Responsible Parties for team response costs and may bill for the total emergency response costs, which may include administrative costs.

If the Contractor does not bill the Responsible Party(ies) itself, the Division shall bill identified Responsible Party(ies) within thirty (30) days of receipt of Contractor's invoice. Contractor's team response costs shall be collected by the Division from the Responsible Party(ies) before payment is made to the Contractor. Thereafter, if the Division successfully recovers payment from the Responsible Party(ies), it shall first be used to pay the Contractor's team response costs, if these have not been paid in their entirety, and then applied to the Division's administrative costs. Any remaining funds will be used to pay emergency response costs as billed. Contractor agrees to cooperate with the Division as is reasonable and necessary in order to allow the Division to bill third parties and pursue cost recovery actions.

If a disputed billing is resolved in favor of the Responsible Party(ies), then the Contractor shall not be required to reimburse the Division for payments previously made.

Where there is no identifiable Responsible Party, or if the Responsible Party is unable to pay, the Division agrees to reimburse the Contractor's team response costs from the emergency response supplement created under Wis. Stat § 20.465(3)(dr) to the extent available, within thirty (30) days from the date that the Division determines either that there is no identifiable Responsible Party or the Responsible Party is unable to pay, but only if the Division has received an invoice for the costs and complete documentation by that time. If the Division has not received an invoice and complete documentation by that time, then the Division will reimburse Contractor as provided above within 30 days of receiving the invoice and complete documentation. Contractor's claim for reimbursement from the emergency response supplement created under Wis. Stat. § 20.465(3)(dr) shall contain such documentation as is necessary to support the Contractor's good faith effort to identify the Responsible party or to collect response costs from a Responsible Party(s) that is unable to pay. Further, Contractor shall comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s).

- 4.9 **Approval:** Contractor, when acting under this Agreement, may not respond without following the Division-approved "Call Out Procedure". Granting of response approval by the Division of Emergency Management's Duty Officer constitutes the Division's agreement to pay Contractor's team response costs under Wis. Stat. § 323.70(3). Contractor agrees to make reasonable and good faith efforts to minimize Responsible Party and/or Division expenses.
- 4.10 **Retirement System Status and Tax Payments:** Contractor and its employees are not entitled under this Agreement to Division contribution for any Public Employees Retirement Withholding System benefit(s). Contractor shall be responsible for payment/withholding of any applicable federal, Social Security and State taxes.
- 4.11 **Worker's Compensation:** A member of the Wisconsin Hazardous Materials Response System who is acting under the scope of this Agreement is an employee of the State for purposes of Worker's Compensation under §323.70(5) of the Wisconsin Statutes.
- 4.12 **Payment of Contractor's Obligations:** Contractor agrees to make payment promptly, as just, due and payable to all persons furnishing services, equipment or supplies to Contractor. If Contractor fails, neglects or refuses to pay any such claims as they become due and for which the Division may be held liable, the

proper officer(s) representing the Division, after ascertaining that the claims are just, due and payable, may, but shall not be required to, pay the claim and charge the amount of the payment against funds due Contractor under this Agreement. The payment of claims in this manner shall not relieve Contractor of any duty with respect to any unpaid claims.

- 4.13 **Dual Payment:** Contractor shall not be compensated for work performed under this Agreement by any state agency or person(s) responsible for causing a hazardous materials emergency except as approved and authorized under this Agreement.
- 4.14 **Team Members:** Members of the hazardous materials response teams are firefighters and therefore are considered protective occupation employees.
