*Heavy traffic, speeding, vibrations from Jake brakes, noise, pollution on Elm St.*

*Many residents that live on W. Elm St. in Chippewa Falls have called, complained and signed petitions about the traffic problems, noise and safety issues in this area.*

*While I have seen more Police Patrol presence, nothing else has changed. There are still vehicles traveling at more than 45-50 mph. We live in the city limits ... in a neighborhood, not on a highway. We pay city taxes and expect the same respect as other city residents receive to have a quiet, orderly, healthy and safe living environment. If not, our taxes should be waived.*

*There are an average of 140 public school buses that pass my home each week.*

*Most are empty. What a waste of taxpayer money. Even if that were cut in half it would be a lot of traffic, noise and stinky fumes.*

*My home vibrates; yes, objects are literally shaking in my cabinets!!!!, when these dump trucks, milk trucks, cement trucks, and semis, gigantic farm equipment, tour buses and garbage trucks, etc. use this street. Who knows what damage all of this is doing under the street and to the road. I'm pretty tired of it and we're all tired of complaining. My home is being damaged and devalued. Who would want to live here?*

*This doesn't even include all the loud pick-up trucks, cars and motorcycles that zoom by each day. Wouldn't it be nice to sit on my deck and enjoy some peace and quiet?*

*On your new website, the Police Chief states, "Our job is to make the community a safer and better place to live. Let us know what we can do for you."*

*OK, here's what you can do. Lower the speed limit to 15 mph. I've seen little kids trying to cross Elm St. from Hilary while huge trucks go speeding by, totally uninterested in the safety of others. Put up permanent speed boards (like SpeedAlert 18) on both sides of the street, where there are 25 mph speed limit signs (Elm & Hilary). Use WI Statute 349.17 to regulate (ELIMINATE) heavy traffic (more than 6,000 lbs.). A typical dump truck (as shown in my attached photo) weighs between 25,000 – 80,000 lbs. A concrete truck carrying 10 cubic yards will weigh 66,000 lbs. A semi, without a trailer weighs 20,000 lbs. A school bus weighs 20,000 – 26,000 lbs. I know Red-Light and Speed Cameras are prohibited in WI so put more police in this area with radar guns and issue citations. Enforce the law. Put up signs for RESIDENTIAL AREA -- DO NOT USE ENGINE BRAKES (costs about \$23 online), IDLE-FREE ZONE, QUIET ZONE (NO LOUD OR UNNECESSARY NOISE) like the idiots that rev up their big trucks at 1037 Olive St., STOP – PEDESTRIAN CROSSING, paint markings for a designated crosswalk, 15 MPH, SLOW DOWN, DOUBLE FINES.*

*I'll save this letter to see if anything changes. My next plan is to put a movie on YouTube. 99% of the photos were taken in ONE day last week, May 20, 2016. Just multiply that by 365. Make this area a neighborhood again, one that you would want to live in instead of devaluing our property and do nothing to make it safe and peaceful.*
