

MINUTES <u>COMMITTEE #1</u> REVENUES, DISBURSEMENTS, WATER AND WASTEWATER <u>April 4, 2017</u>

Committee #1 - Revenues, Disbursements, Water and Wastewater met on Tuesday, April 4, 2017 at 9:00 AM in the Council Chambers, City Hall, 30 West Central Street, Chippewa Falls, WI.

Committee Members present: Rob Kiefer, John Monarski, Paul Nadreau

Mayor/Other Council Members present: Mayor Hoffman

Others present: Finance Manager/Treasurer Lynne Bauer; City Engineer/Public Works Director/Utility Manager Rick Rubenzer; Street & Utility Maintenance Manager Rick Ruf; Police Lt. Brian Micolichek, Fire Chief Mike Hepfler, Library Director Joe Niese, Utility Office Manager Connie Freagon, Parks & Recreation Director Dick Hebert, Maintenance Supervisor Scot Michels, Lance Squires – RTS Roofing.

Call to Order: 9:00 AM

1. Discuss funding for library building/roof repairs. Possible recommendations to the Council.

Library Director Joe Niese indicated they are submitting additional information to the City's insurance company regarding the roof wind damage. In addition, Lance Squires, RTS Roofing added his opinion on fixing the coping cap but did not have any knowledge on the extent of the overall roof condition or needed repairs. Maintenance Supervisor Scot Michels indicated he should have multiple quotes for roof repairs by the end of April. The Committee will discuss this issue at a future meeting.

No action taken.

2. Discuss 2016 department budget carryover requests. Possible recommendations to the Council.

Finance Manager Bauer presented various department carryover requests and asked the Committee to approve Items #1-#6 on the attached spreadsheet entitled "2016 Budget Carryover Request Discussion". She would like to consider Items #7 and #8 after the 2016 audit is completed toward the end of May.

Motion by Monarski/Nadreau to recommend the Council approve carryover requests #1-#6 and table requests #7 and #8. **All present voted aye. Motion carried.**

3. Discuss uses for proceeds from sale of Fire Station #2. Possible recommendations to the Council.

The Committee continued discussions regarding uses for the proceeds from the sale of Fire Station #2. As discussed at the last meeting, Medic 3 ambulance needs to be replaced however Chief Hepfler has determined that delivery of a new ambulance would take approximately 8 months. The Committee could use 2017 borrowed funds toward this purchase which would result in less funds to replace outdated street department equipment. Another option would be to order the ambulance now and use short term financing if necessary or 2018 anticipated equipment note proceeds. Chief Hepfler indicated he will contact Foster Coach to confirm their proposal to provide a loaner ambulance. In addition, other priorities for the fire station proceeds include Library roof repairs discussed in Item #1; installation of security cameras at the Library and other city buildings; and AEDs for the squad cars. Finance Manager Bauer indicated the city has not received the proceeds yet and stated these discussions began due to the ambulance repair/replacement issue. Closing is anticipated toward the end of April and further discussion will be held at a future meeting.

No action taken.

4. Adjournment.

Motion by Nadreau/Kiefer to adjourn at 9:39 AM. All present voted aye. Motion carried.

Chippewa Falls Public Library Attn: Joe Niese 105 W. Central Street Chippewa Falls, WI 54729

PROJECT: Coping cap replacement on 732 linear feet of parapet wall.

We propose to furnish labor and materials to do the following:

- 1. We will remove and dispose of the existing metal coping cap. It's damaged beyond replacement and in our opinion was never properly installed.
- 2. We will install new 1.5" thick wood blocking on top of the parapet walls.
- 3. We will cover the blocking with 60 mil EPDM membrane that will completely cover the wood blocking and extend down both sides.
- 4. We will install a new galvanized metal keeper and new 24-gauge, prefinished metal coping cap in the color of your choice from the manufacturer's standard colors.

For the amount of \$25,941.00

Note: With the metal installed as noted above, you should be able to remove and re-use the next time you have to replace the roof.

Please contact me if you have any questions or concerns. If you'd like to proceed with the above proposal, please sign and return a copy to my attention. We'll schedule the project as soon as possible.

\$ 3,680.00 Training and Standards Funding for Annual Police Training

This is money that WI DOJ Training and Standards reimburses police departments for the required 24 hours of mandatory training per officer. As has been historically done, I would request this amount be carried over into the police department's training account.

\$ 2,300.00 10.52100.5345 - Initial Issue costs in 2017 for New Hires**

Costs for new officers hired in 2016 continue into 2017. Along with the purchase of some uniforms, this includes a ballistic vest and exterior carrier for new officer Schwede. The vest was ordered but not yet received. This officer was hired at the end of 2016 and vests typically take 4-6 weeks to arrive. Exterior Vest Carriers for all 4 new officers is also a cost for this account in 2017. Exterior Vest Carriers cannot be ordered until vest panels arrive as they are tailor made to fit individual officers' custom ballistic panels. Exterior Vest Carriers take 12 or more weeks to arrive. If this carryover is not approved for this account for 2017, we will not have sufficient funds to hire a new officer.

\$1,125.00 10.52100.5851 - Vehicles

Squad #4 is one of the vehicles to be replaced in 2017. The brush guard that was intended to be reused from the old Squad #4 was damaged in the crash. This was not accounted for when this account was originally budgeted back in fall of 2016. This brush guard protects the squad in front end collisions. The traditional light bar is high up and back on our police SUVs. Because of this, the brush guard also has significant front and side lighting which dramatically increases visibility in general and especially when the squad is nosed into an intersection or behind a lower style vehicle such as a sedan or compact car.

\$ 623.03 10.52100.5392 - Parking

I would request that balance from this account left over in 2016 be added directly into the same account for 2017. New parking tickets can then be ordered anytime in 2017 after the winter parking rules are lifted. Parking tickets are expected to run out before the end of 2017. This purchase was delayed in order to allow an opportunity to adjust parking ticket fines, if desired.

\$ 5,785.00 Automated External Defibrillator (AED)

This expenditure would allow us to outfit each squad car with an AED unit and have one at the police station. Police are almost always the first to arrive at a scene where an AED could be utilized. Quick administration of CPR and an AED can be the difference between life and death for those in medical distress. The police department currently has 4 units which are over ten years old. During our First Responder training last year the instructor recommended that we replace these aging units. The vendor (Emergency Medical Products, Inc.) has tentatively indicated we can trade them in for a discount on the purchase of new AEDs. If successful this would result in a savings of \$ 1,400 under the requested amount. The AED is a Phillips HeartStart OnSite. This is the same unit used by our Fire Department and the Chippewa School District. I would recommend that all 5 marked squads have an AED as we can never know which squad will be at a given medical emergency. Also, having an AED at the station is highly recommended. Please note: In my research this is an excellent deal on these AEDs. The fire department uses Emergency Medical Products, Inc and looks to be giving us a great discount. The quote is good through 3/12/17.
